STAFF: CEK/RL

CAGE APPROACH: Dog was at the front of the kennel with a wagging tail. No issues leashing dog.

BASIC TRAINING: Dog does not appear to have much training, walks very slowly on a leash.

ATTENTIVENESS: Alert of surroundings, stays next to handler.

INTERACTION/PLAY: Dog does not appear playful, constantly seeks affection from handler.

PHYSICAL EXAM/RESTRAINT: No issues with body handling or restraint.

FOOD TESTING: No interest in food with people or other dogs.

ANIMAL INTERACTION:(include animal IDs) Met with A338303 with hackles raised and a stiff body posture. The other dog rushed into her face and she let out a low growl and walked away behind handler. She then walked back over to the dog and began to sniff without incident. No signs of animal aggression shown, she will growl at other dog if high energy but did not escalate.

01/13/16 08:51hrs MAP // Made aware of A16-450888/A16-450893 by KCT. Made PJM aware, checked with EMM/LLP and raccoon came from same dumpster as dog- unknown if there was any exposure. Dog to be placed on 6 month quarantine as precaution in the event exposure occurred. Informed KCT so she may make rescue aware. // MAP

01/13/16 08:54HRS - Got with NBA to have dog moved from WD28 to ISO. Will be notifying rescue of the 6 months quarantine. Will be getting with CLK to get name of volunteer that has interacted with this dog for the past few days. KCT

01/13/16 10:47HRS - Spoke with the rescue Kelli Tully and she understands the liability and has agreed that humane euthanasia is the best route as the person who reached out to foster may not be able to strictly adhere to the policies. Explained the dog would be sent off for testing and expressed that even though we are here to help save as many homeless pets' lives, at the end of the day the highest priority is to ensure public safety. Kelli understood. TOT DL/DB/PJM. KCT

01/13/16 10:54HRS - Spoke with DL and DB and approved to have the dog PTS and HTL. Spoke with NBA and asked for her to have the dog 300 now by itself to ensure no other exposure. KCT
